PRODUCT

ASU trains and educates Army and Joint sustainers at three colleges and an academy at Fort Gregg-Adams...

...while also supporting a wide range of Army Leader Development Programs through its Logistics Branch Proponency Office

### Logistics Leader College

Develops sustainment leaders through officer and multifunctional logistics education and development opportunities

Offers joint education and training in enterprise logistics, data analysis, requirements development, and operations research/systems analysis

### College of Applied Logistics and Operational Studies

### Technical Logistics College

Provides Initial Military Training and Professional Military Education to Army QM, OD, and TC Warrant Officers in both basic and advanced formats

Trains, educates, and develops NCOs who are equipped to meet the challenges of an increasingly complex operational space

### Logistics NCO Academy

### Training with Industry

- Accessible from all six sustainment branches, lasting for one year
- Army Sustainers learn industry best practices to enable logistics modernization

**Custom Programming**

- IDB offers educational programs – such as LOGTECH and IB2 LOG – to teach, challenge, and transform leaders from both government and industry

**Graduate Supply Chain Study**

- VCU's Masters of Supply Chain Management is the only Army-funded Advanced Civil Schooling program dedicated to training active-duty Logistics Captains
