COVER — NATO’s Maintenance and Supply Agency (NAMSA) provides supply, maintenance, and technical services for a variety of equipment and weapon systems used by NATO nations. The technicians shown on the cover check a TOW missile component following its repair. How the Agency fulfills its NATO mission is explained in the story beginning on page 2.

ALOG magazine publishes timely, authoritative information on Army and Defense logistics for the Active Army, National Guard, Army Reserve, civilian employees of the Army, and the public. Our purpose is to increase knowledge and understanding of logistics and to encourage and stimulate innovative thought by providing a forum for those ideas. The views expressed are those of the authors and not necessarily those of the Department of Defense or the Department of the Army. Photos are U.S. Army unless otherwise noted. Material may be reprinted if credit is given to the magazine and the author, except where copyright is indicated. Use of “he” and any of its forms includes both masculine and feminine genders. Articles, photographs, and items of interest on any facet of Army logistics are invited. Direct communication is authorized to: Editor, ALOG Magazine, ALMC, Fort Lee, VA 23801-6044, AUTOVON 687-4342, commercial (804) 734-4342. Use of funds for printing this publication has been approved by the Secretary of the Army on 19 February 1985, IAW provisions of AR 310-1. Active Army units receive copies through the initial distribution system as outlined in AR 310-2. DA Form 17-8 must be sent to Commander, AG Publications Center, 2800 Eastern Blvd., Baltimore, MD 21220-2896. ARNG, and USAR units must submit requirements through state adjutants general or USAR channels. Private subscriptions and rates are available from Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.
