COVER — During the sultry dog days of Summer it is difficult to remember the logistics lessons from the frigid Winter Reforger '86, but photojournalists of the Arkansas Army National Guard documented those cold weather operations well. The photo feature depicting those events begins on page 22.

ALOG magazine publishes timely, authoritative information on Army and Defense logistics for the Active Army, Army National Guard, Army Reserve, civilian employees of the Army, and the public. Our purpose is to increase knowledge and understanding of logistics and to encourage and stimulate innovative thought by providing a forum for those ideas. The views expressed are those of the authors and not necessarily those of the Department of Defense or the Department of the Army. Photos are U.S. Army unless otherwise noted. Material may be reprinted if credit is given to the magazine and the author, except where copyright is indicated. Use of "he" and any of its forms includes both masculine and feminine genders. Articles, photographs, and items of interest on any facet of Army logistics are invited. Direct communication is authorized to: Editor, ALOG Magazine, ALMC, Fort Lee, VA 23801–6044.
