MEMORANDUM FOR Students of the Army Logistics University (ALU) Logistics Basic Officer Leader Course (LOG BOLC)

SUBJECT: LOG BOLC Welcome Letter

1. The Army Logistics University Logistics Basic Officer Leadership Department (BOLD) welcomes you to LOG BOLC. It is our expectation to provide all Quartermaster, Transportation, and Ordnance, as well as our international and civilian partners, with a world-class education. The BOLD Cadre, logistics professionals from across the Army, have the responsibility to train and develop lieutenants as basic branch logistics officers, prepared to lead a platoon in support of Large Scale Combat Operations (LSCO).
2. The purpose of LOG BOLC is to produce physically fit, mentally agile, and technically proficient lieutenants capable of providing logistics support during decisive action in support of LSCO. Officers will spend 16 weeks learning logistical and leadership fundamentals required to lead a platoon.
3. For those who do not receive a welcome packet/e-mail from your instructor within thirty days of your report date, I encourage you to call the Bravo or Charlie Company Commanders for assistance at 804-765-8115 or 804-765-8123. Additionally, you can find us on Facebook at <https://www.facebook.com/BOLDALU/>.
4. Upon arrival to Fort Lee and ALU, ensure you receive a welcome packet from staff duty. If you arrive prior to your report date, ensure you check-in with both ALU staff duty and the Company Command Team. Either they, or your welcome packet, will provide you with the required instructions to make you successful.
5. Again, welcome to LOG BOLC. I look forward to seeing you throughout your Program of Instruction (POI) and wish you the best of luck. For any other assistance, or after-hours assistance, you can reach the ALU Staff Duty desk at 804-765-8440.

Chairman, BOLD
